DISASSEMBLY and ASSEMBLY INSTRUCTIONS

1. To disassemble reel, remove head pillar screws and head plate (cap) assembly. Remove spool assembly and drive gear. 2. To take apart the level wind mechanism, remove carriage screw bushing cap assembly which will allow disassembly of carriage screw and carriage assembly. 3. Wash all parts carefully, using gasoline, or other grease solvents. Replace worn parts. For greasing and oiling see diagrams and instructions.

Numbers shown in red common to both South Bend and Shakespeare.

NOTE: When ordering parts, give reel part name, reel number and model.
